TRY THE NEW SCO/SOC LIST-SERVER

The SCO representatives to the Ornithological Council would like to solicit your ideas and feedback on issues of importance to Canadian Ornithology. A new SCO list server has been created for this purpose. Note that this list server is a secure server that can only receive emails from its members, and is thus safe from spam. The list server will be maintained by Lesley Evans Ogden, but it will not be a monitored list server, so please use it only for the discussion of Ornithological or SCO issues.

SCO members can join the list by sending email to maillist@sfu.ca with "subscribe sco-members" in the subject or body of the message. Only SCO members who choose to join will be added to the list. Once your name has been added to the list, you may send to all members of the list by emailing: sco-members@sfu.ca

VISIT the SCO/SOC web site: [www.nmnh.si.edu/BIRDNET/SOC CanOrn/](http://www.nmnh.si.edu/BIRDNET/SOC%20CanOrn/)

LATEST NEWS ON NEW SCO/SOC JOURNAL!

Erica Nol: enol@trentu.ca

As Chair of the SCO journal committee, I am pleased to report that the long-term dream of many councillors for a full-fledged journal in ornithology, published in Canada, is taking shape. We do have someone who has committed, with enthusiasm, to editing this fledgling journal. We also have plans to publish both electronically and in paper form simultaneously. We are currently working on finding financial support to see us through at least five years. These details are sketchy, because the planning is still preliminary, but we are all cautiously optimistic about this new SCO venture. More details will be released as they become available.
