2002 Joint Meeting of American Ornithologists' Union  
and Society of Canadian Ornithologists

This will be held in conjunction with the 3rd North American Ornithological Council  
(NAOC)

NEW ORLEANS

SEPT 24-30, 2002

**\*\*NEW\*\* SCO list-server**

The SCO representatives to the Ornithological Council would like to solicit your ideas and feedback on issues of importance to Canadian Ornithology. A new SCO list server has been created for this purpose. Note that this list server is a secure server that can only receive emails from its members, and is thus safe from spam. The list server will be maintained by Lesley Evans Ogden, but it will not be a monitored list server, so please use it only for the discussion of Ornithological / SCO issues. SCO members can join the list by sending email to [maillist@sfu.ca](mailto:maillist@sfu.ca) with "subscribe sco-members" in the subject or body of the message. Only SCO members who choose to join will be added to the list. Once your name has been added to the list, you may send to all members of the list by emailing: [sco-members@sfu.ca](mailto:sco-members@sfu.ca)

**CALL FOR APPLICATIONS FOR STUDENT RESEARCH AWARDS IN 2002**

Applications are invited for two Taverner Awards (up to \$500 each) and one Baillie Award (\$1,000) for 2002. Taverner Awards are offered by the SCO/SOC to honour Percy A. Taverner and to further his accomplishments in increasing knowledge of Canadian birds through research, conservation and public education. The awards are to help people with limited or no access to major funding, regardless of professional status, who are undertaking ornithological work in Canada.

The James L. Ballie Student Research Award is open to any student conducting ornithological research at a Canadian university. Honouring the memory of James L. Baillie, it supports field research on Canadian birds. This award is funded by Bird Studies Canada and Long Point Bird Observatory from proceeds from the annual Baillie Birdathon. It is administered by the SCO/SOC.

A single application may be made for both awards, but only one award can be won by an applicant in a given year. Taverner Awards are given only once for the same project; Baillie Awards only once to the same person. Past winners of either award may apply for the other. Funds are not awarded for stipends. The application form can be obtained from Dr. Kevin Teather, Chair, SCO/SOC Research Awards Committee, Dept. of Biology, UPEI, Charlottetown, PE. C1A 4P3. or [kteather@upeu.ca](mailto:kteather@upeu.ca).

The completed application must reach the above person **before 15 January, 2002.**

The announcement of awards will be made by April 2002.
